# ***BEE ADVON EQUIPMENT SOIL***

- **The En Core® Sampler**
  - **Collects, stores and delivers soil samples...all within one easy-to-use device**
  - **The airtight sealing cap prevents the transfer of volatiles as the En Core® Sampler becomes its own self-contained package**

-

# **BEE ADVON EQUIPMENT AIR**

- **Dräger Chip Measurement System**
  - More than 55 gas-specific chips are available
  - The analyzer records the measurement effect optoelectronically

# ***BEE ADVON EQUIPMENT AIR***

- **MSA FiveStar® Alarm**

- 
- The image displays a Garmin GPSMAP 76S chartplotting receiver, its owner's manual, and a MapSource WorldMap CD-ROM. The device is a handheld unit with a monochrome screen and a keypad. A coiled cable with a NEMA 20P connector is also visible. The manual is titled "GPSMAP 76S chartplotting receiver" and "owner's manual and reference guide". The CD-ROM case is titled "MapSource WorldMap" and "CD-ROM Maps".

# ***BEE ADVON EQUIPMENT ADMIN SUPPORT***

- Laptop Computer
- All-in-one Printer
